# WHAT IS CHILD SAFETY WEEK?

Child Safety Week is an annual campaign run by the Child Accident Prevention Trust (CAPT) to raise awareness of the risks of child accidents and how they can be prevented.

They continue their vital work preventing childhood accidents through fundraising and the wonderful support of partners and donors.

If you would like to donate to this great charity, you can visit their website <https://www.capt.org.uk/> or click on the donate button below.

Colour the S.

## S is for Safety

Always remember to stay **SAFE** near water

**Stay Away From the Edge**

# HOLD HANDS

**Remember that your little hand should be holding a grown up's hand when you are out near a road or deep water.**

---

Directions: Put your hand on the paper and draw around it.  
Colour in your little hand and then the big hand.

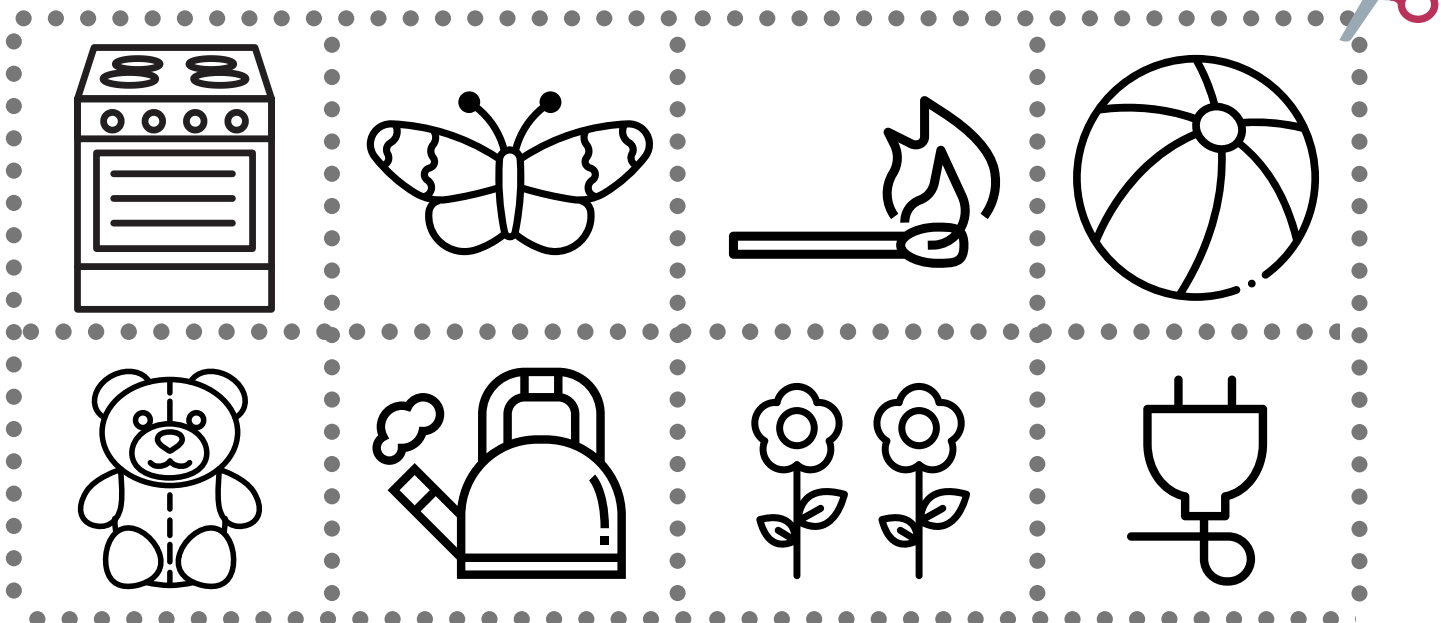

# SAFE AND UNSAFE

There are some things we shouldn't touch or be near without an adult. Can you figure out which items are safe or unsafe?

Directions: Cut and paste the pictures to the correct boxes.  
Colour the pictures.

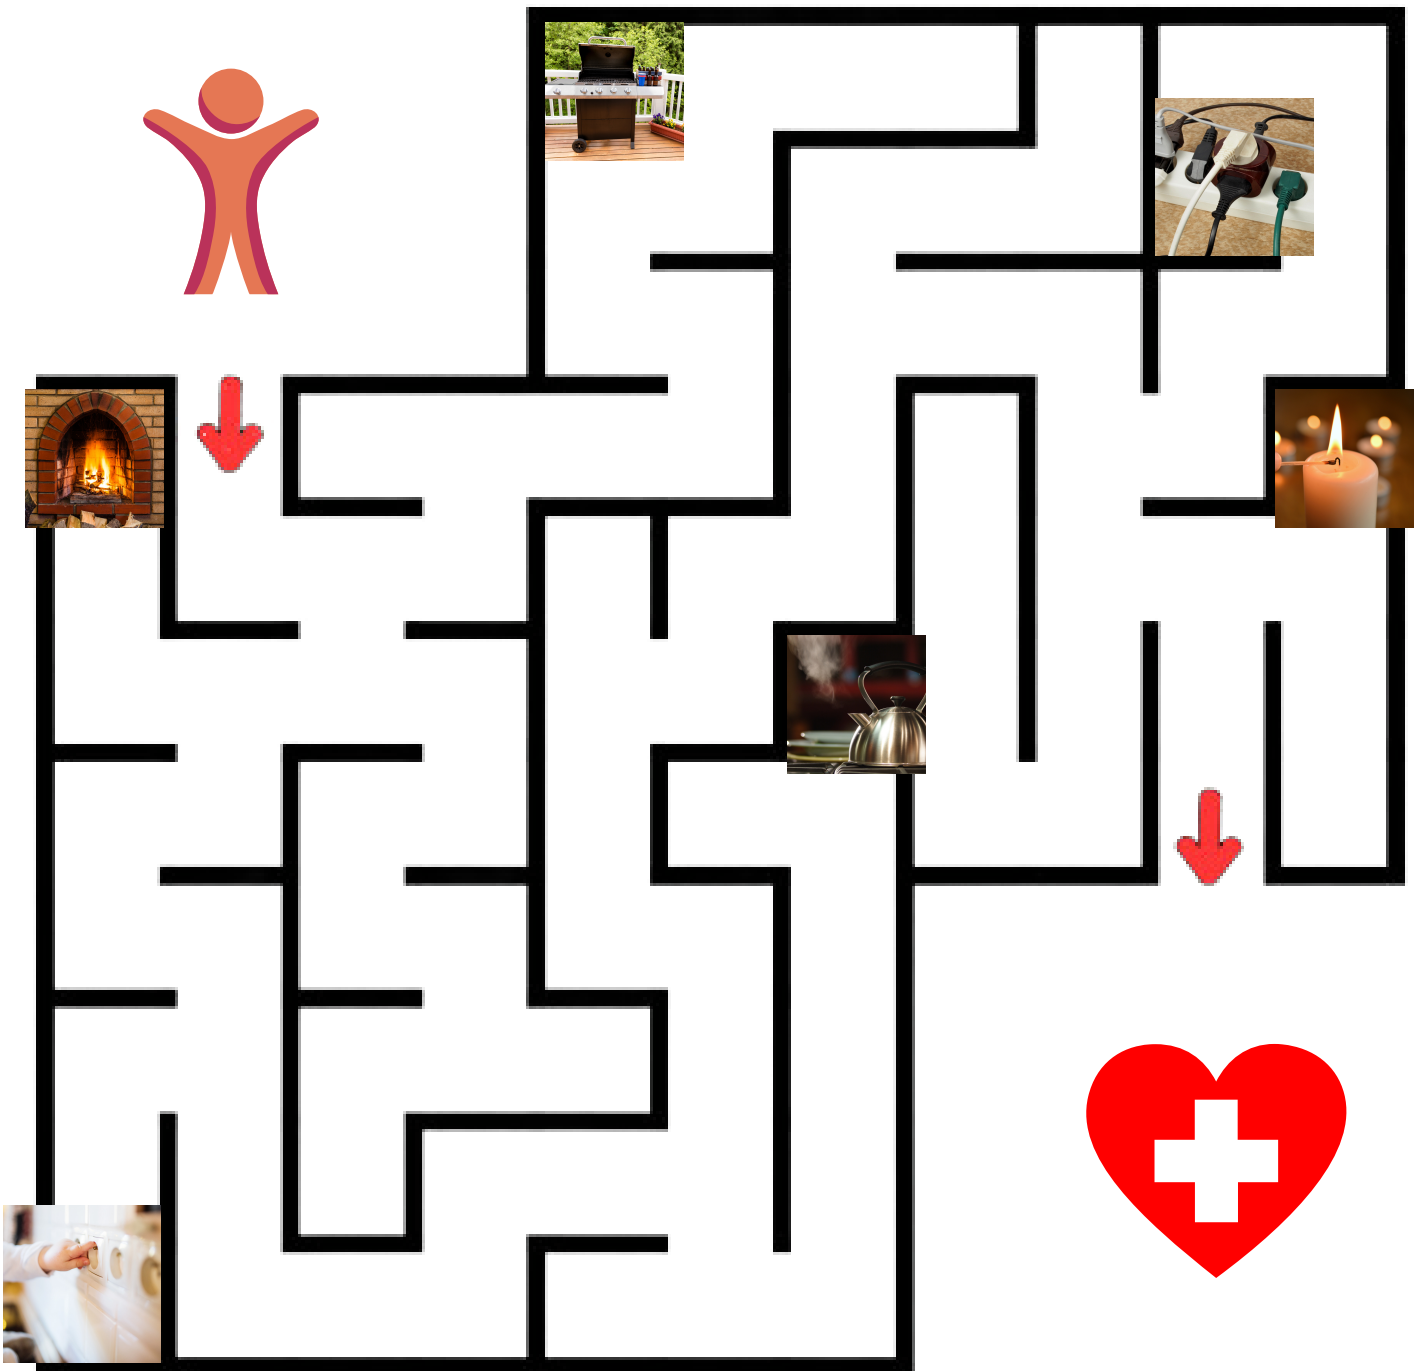

## Safe

## Unsafe

# HAZARD MAZE

Get through the maze without going near the electrical dangers or fire hazards. Be sure to avoid them to stay safe!

# ELECTRICAL SAFETY INSPECTION

Always remember to use caution when you're near electricity!  
Ask an adult to help you complete this activity.

Directions: Go around your home and find any hazards. Tick either the True or Needs Work boxes. If something 'Needs Work', ask an adult to fix it.

- 1. No electric cords are worn or frayed.
- 2. Electric outlets are not overloaded.
- 3. Electric cords do not run under rugs or furniture legs.
- 4. Electric heaters are far away from flammable objects.
- 5. Electric appliances are kept away from water.
- 6. All smoke detectors are properly working.
- 7. Power tools are stored in clean dry areas.
- 8. There are no trees near the house that are too close to power lines.
